About Kalorex Group

Kalorex is a name synonymous with education par excellence. Kalorex believes in empowering children - helping them to succeed in all spheres of life. With 60+ institutions and growing, a preferred choice for high quality education in the country, Kalorex is a trusted name amongst parent communities, be it for National or International Board of Education. The organization has grown leaps and bounds over the span of 29+ years. From Pre-Schools to K-12 schools, e-Learning, Edutainment and Special Focus Institutions, the journey has been long but satisfying & successful. Relentless pursuit of growth and innovation has helped Kalorex surpass expectations creating new benchmarks in the field of education.

Kalorex aims at shaping Global Learners with the skills of 21st century education embedded with local value systems.

About Kalorex Group Mascot

Yali - The Dynamic Kalorex Mascot

- Graceful body & sharp mind of a Cat.
- Regal head, with the confidence & independence of a Lion.
- Strong & resilient tusks, with the intelligence & kindness of an Elephant.
- Sinuous tail, dexterity & flexibility of a Serpent.

Vision

"Shaping Glocal Learners" with commitment to provide a safe and stimulating environment, to prepare competent, compassionate and creative thinkers in this rapidly changing world."

Objective

Holistic development of our children to create national assets & global citizens, with strong values of dedication, devotion & compassion.

Mission

Achieve excellence in K-12 education through a sound vision innovation and professionalism in our endeavours.

Special Focus

Kalorex Pre-Schools

At Kalorex, we have designed a research based Pre-school curriculum which aims at developing skills of children with a strong partnership with parents for holistic development.

We adapt innovations in curriculum leading to 21st Century skills. Our curriculum, Early Childhood Foundation Stage - ECFS, is inspired by the British Curriculum & a touch of Finnish Education Methodology. This curriculum is customized to suit the Indian environment & need for learning. A balanced blend of Global & Local, making it 'Glocal'.

KFTL

Kalorex Future Tech Lab

Kalorex Group is proud to introduce the Kalorex Future Tech Lab (KFTL), aimed at providing middle school students with hands-on experience with a vast array of technologies including **Artificial Intelligence, Aerospace, Robotics, AR, VR, 5DX, Machine Learning, IoT, and Data Science.**

AI teaching AI

With our revolutionary concept of "AI Teaching AI," we are proud to introduce **MAYA**, an AI avatar and the digital clone of **Dr. Manjula Pooja Shroff**.

This course is designed to make the understanding of artificial intelligence engaging, accessible, and fun for students from grades 1 to 12.

MORAL TALES

Yali Comic Book

The Moral Tales is a graded series of books that teaches 10 essential moral values through stories. These stories are a mix of classic tales, mythological stories, and modern stories. The books are designed to be visually appealing with a colorful comic book layout. Each story ends with a clear moral lesson, followed by exercises to reinforce learning. The series also includes videos to appeal to both visual and auditory learners.

VUCA STEPS

Shock Ready future

NEP 2020 and ancient wisdom both emphasize inner peace for success. Teachers must nurture emotional resilience in students. In **VUCA (Volatile, Uncertain Complex and Ambiguous)** world, it is important that teachers build VUCA Traits in students in order for them to be future-shock-ready.

About Kalorex Future School (K-12)

Kalorex Future School is a chain of quality K-12 English medium schools, professionally managed autonomous education institution under the Kalorex banner. Today Kalorex Future School (KFS) is a name synonymous with **Education par excellence** and is a preferred choice across all segments of the society.

At Kalorex Future Schools, we not only nurture the Educational needs of children but also inculcate in them the best of **Glocal Practices** - combining the elements of Global attributes including 21st century skills, Life skills, People- Communication skills, Local values and Traditions. The Global and the Local attributes together form a holistic development platform enabling the shaping of a child into a **Glocal Learner**. The schools follow CBSE curriculum as well as offer Cambridge programmes.

ICT & Blended Learning - Kalorex institutions are known for innovative pedagogies and use of best resources through it's customized research based curriculum framework known as 'Kalorex Taxonomy'.

Kalorex - Taxonomy (K-12)

Framework

Synthesis...

Small step, Big leap

Workshop & Training for Parents, Students & Teachers

Overall Development- Balance between Academic Performing & Non Performing Arts

Role of Mentor- Reaching to each child

Life Skill - Inculcating human Values & innovation Skills

Doing Vs. Rote Learning - Individual Learning Style

Delhi Public Schools (K-12)

Promoted and operated by Calorx Education and Research Foundation, Delhi Public School, Bopal Ahmedabad (Incepted in 1996) is a member of the DPS Society. It is a co-educational K-12 English Medium School affiliated to CBSE, New Delhi. Dedicated to overall growth of every child, the school is consistently providing quality education to its students, time and again.

Today DPS - Bopal, Ahmedabad is a name synonymous with education par excellence in India. DPS Mehsana, under Kalorex management is taken over in 2021.

Special Focus Institutions

Visamo Kids Foundation

The devastating 2001 earthquake also played a formative role in shaping Kalorex's future. With schools shutdown and families living in tents, the earthquake affected every segment of society. However it was the poorest sections that suffered the most. To alleviate their situation in society Kalorex opened a Parentage Home called **Visamo Kids Foundation**. The foundation selected the brightest children from underprivileged backgrounds and gave them the best facilities towards shelter, food and nutrition and access to the best English Medium Schools in Ahmedabad. The children are enrolled from first standard or kindergarten and are nurtured until they graduate high school (Standard 12th). Furthermore Kalorex even provides them with financial assistance to pursue higher Education and to stand up for themselves in life. Students from Visamo have gone on to Universities to study Design, Engineering, Commerce, Hotel Management and much more...

Positive Strokes for Special Learning Needs

Prerna

Kalorex is actively involved in CSR projects that have had a direct impact on disadvantaged sections of society. Dyslexia first entered the nation's consciousness with the release of the Aamir Khan film "Taare Zameen Par" in 2007. However showing keen insight regarding the plight of special needs children, Kalorex opened its school for Dyslexic Children "**Prerna**" in 2001. Cutting edge teaching practices and a nurturing environment have played a key role in the academic success of Prerna's students.

Vocational & Educational Development Institute - Vedic was established to address the shortage of skilled manpower in the Indian Industry. The core essence of the Institute is to create skilled trainees who can seamlessly transition into various sectors of the industries. This is for the benefit of the large section of society that remains underprivileged and economically backward.
