Kalorex Pre-Schools

At Kalorex, we have designed a research based Pre-school curriculum which aims at developing skills of children with a strong partnership with parents for holistic development.

We adapt innovations in curriculum leading to 21st Century skills. Our curriculum, Early Childhood Foundation Stage - ECFS, is inspired by the British Curriculum & a touch of Finnish Education Methodology. This curriculum is customized to suit the Indian environment & need for learning. A balanced blend of Global & Local, making it 'Glocal'.

5E's Learning Approach

Enquire

Children are inquisitive and hence have a lot of questions

Engage

Inquisitiveness leads to engagement

Explore

Engagement stimulates exploration of information

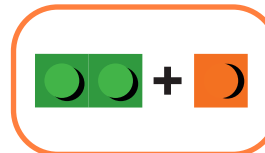

Experiment

Exploration motivates guided hands on activities to experiment

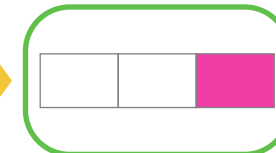

Experience

Experience is gained thro' exploration & experiments

Concrete

Pictorial

Abstract

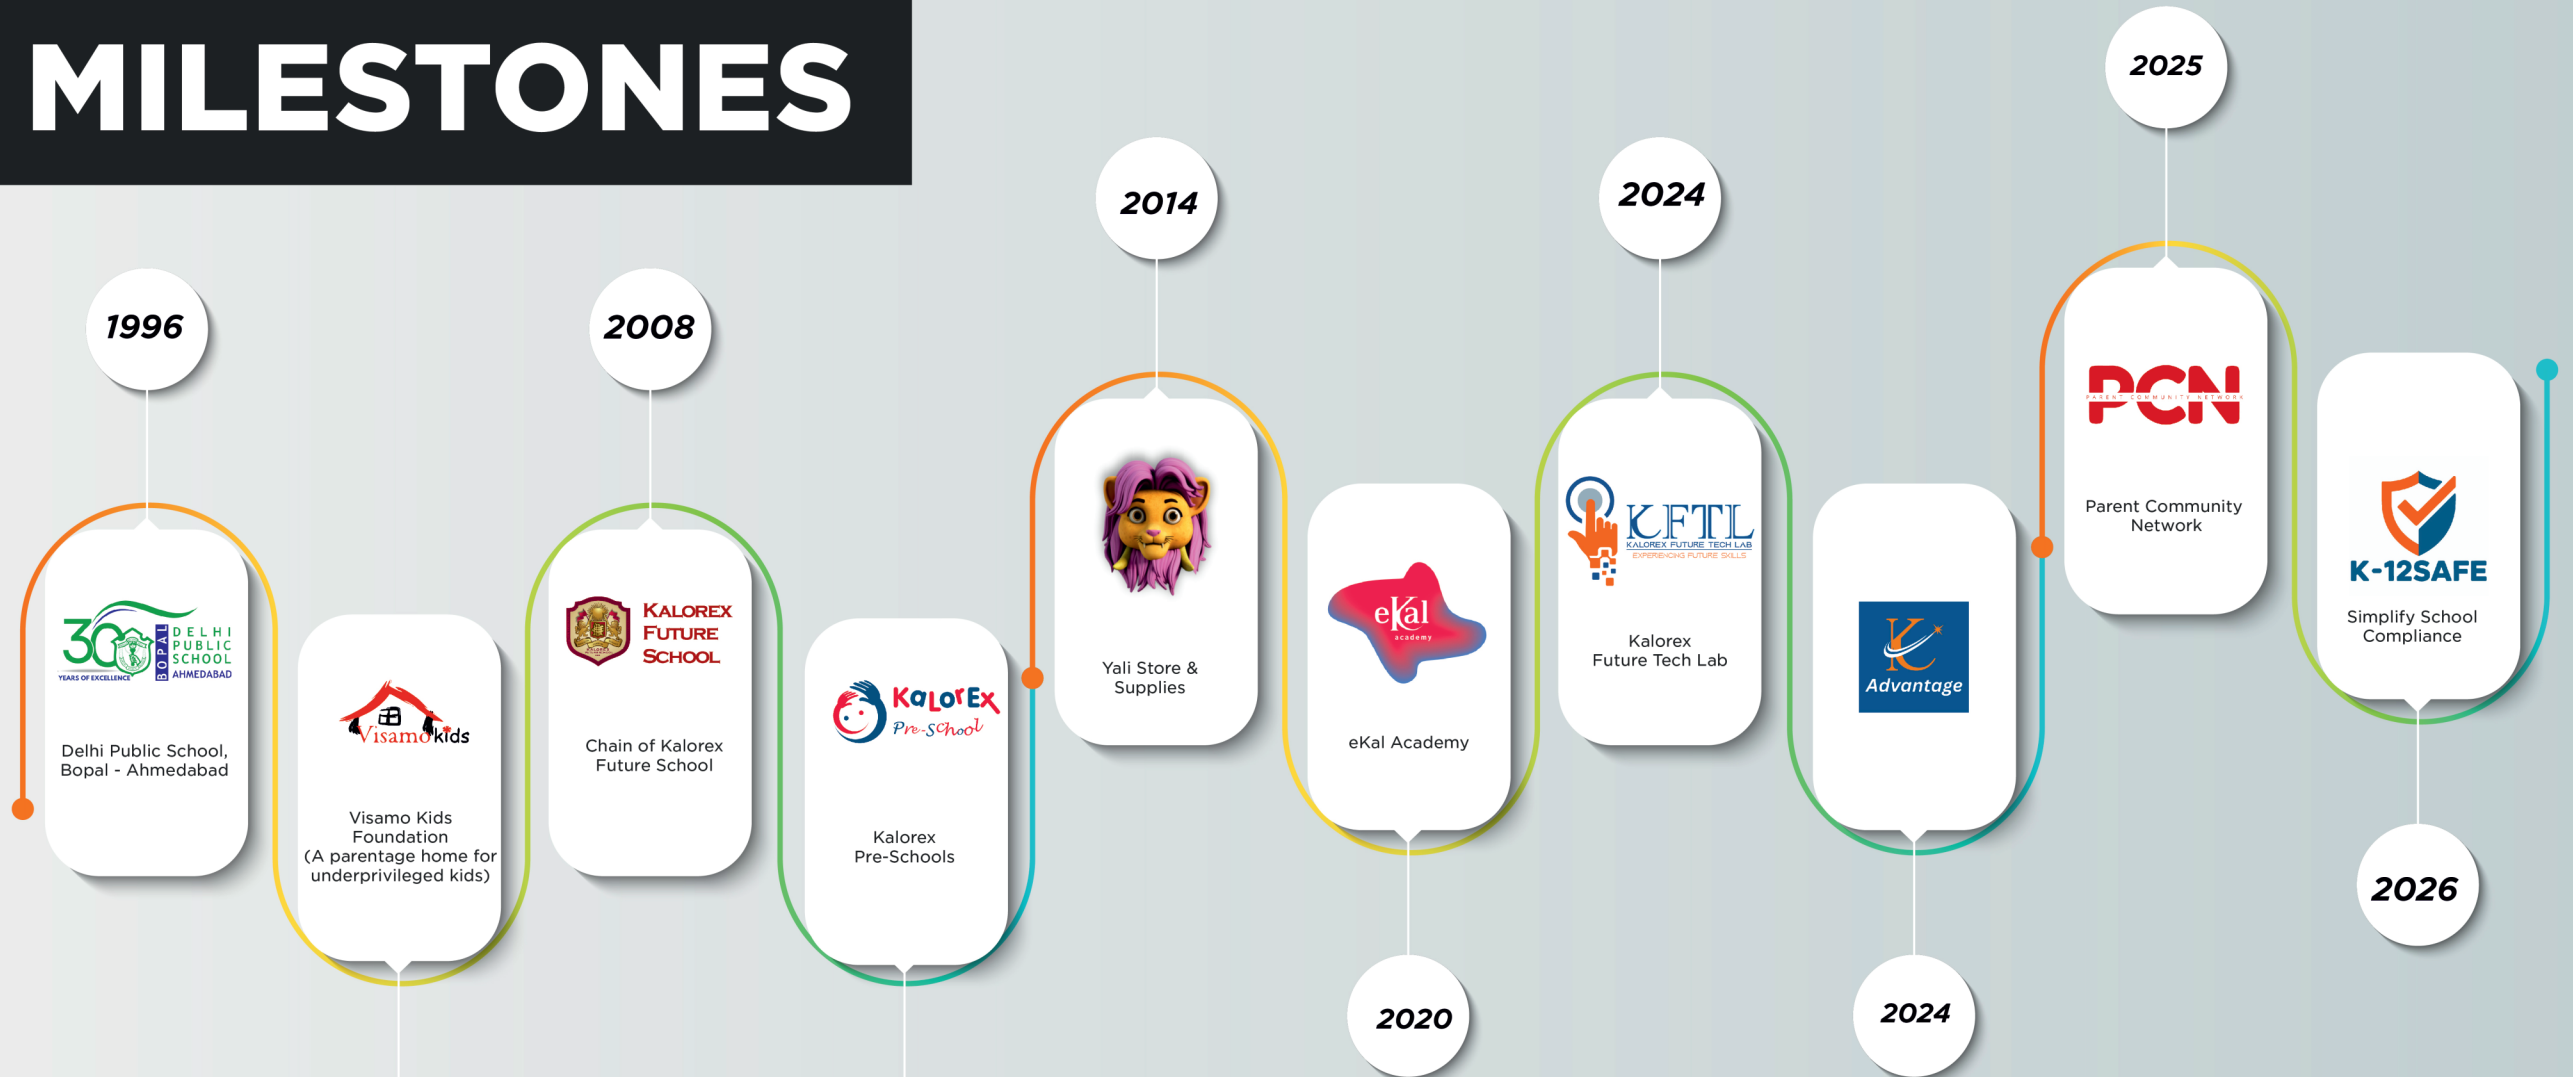

$$2 + 1 = 3$$

Special Focus Institutions

Visamo Kids Foundation

The devastating 2001 earthquake also played a formative role in shaping Kalorex's future. With schools shutdown and families living in tents, the earthquake affected every segment of society. However it was the poorest sections that suffered the most. To alleviate their situation in society Kalorex opened a Parentage Home called **Visamo Kids Foundation**. The foundation selected the brightest children from underprivileged backgrounds and gave them the best facilities towards shelter, food and nutrition and access to the best English Medium Schools in Ahmedabad. The children are enrolled from first standard or kindergarten and are nurtured until they graduate high school (Standard 12th). Furthermore Kalorex even provides them with financial assistance to pursue higher Education and to stand up for themselves in life. Students from Visamo have gone on to Universities to study Design, Engineering, Commerce, Hotel Management and much more...

Partner with us...

Individuals, trusts, and existing schools who are passionate about providing quality K-12 education are invited to join the Kalorex Group's 60+ initiatives as partners in progress. Working with a reputable company like Kalorex provides you an edge in the educational world. We have a competitive advantage over other companies with less experience because we have over a quarter-century of experience. We have a core team that is incredibly skilled and prepared to bring out the best in your team. Because of our core team's extensive experience, you will be able to scale up more quickly and worry less about the return on your investment.
